

BIBLESTA WINDOW DISPLAY REGISTRATION

Name of Organization: _____

Name of Contact person: _____

Address: _____ Phone: _____

E-Mail: _____

Scripture Reference: _____

Deadline for Window Display Registration is Monday, September 19, 2011

Window displays:

A window display illustrates a story or theme from the Bible. Displays must be three-dimensional with lettering at least 3" in height to allow for easy viewing by the public. The display should tell the story of your chosen scripture, be neat in appearance, well organized and contain the scripture reference that is being illustrated. The name of your church or organization should be included with the display.

The Biblesta Committee will assign a location for your window display upon receipt of your registration.

Window displays are to be set up on or before **6:00 p.m., Monday, September 26**. Judging will take place during this week. Ribbons will be awarded to the 1st, 2nd and 3rd place window displays.

Your group will need to make arrangements with business owners to schedule a convenient time to set up and take down your window display. The size of the window and the depth of space allowed are at the business owner's discretion, so check with them before you plan your display. It is your responsibility to take down the window display before the Wednesday after Biblesta unless you have worked out other arrangements. You are responsible for cleaning the window area when you take your display down.

If additional information is needed, you may contact LaDonna Krone at 620-473-3785. Please return your Window Registration to the address below:
