Please mark one:

We need a window assignment

We have already arranged for a window space.

Business name: _____

Business contact person: _____

Deadline for Window Display Registration is Friday, September 10, 2010

Window displays:

A window display illustrates a story or theme from the Bible. Displays should be three-dimensional with lettering at least 3" in height to allow for easy viewing by the public. The name of your church or organization should be part of the display.

Window displays are to be set up on or before **6:00 p.m., Monday, September 27**. Judging will take place during this week. Windows will be assigned when we get your registration. Work with the business to get a convenient time to set up and take down your window display. The size of the window and the depth of space allowed are at the business owner's discretion, so check with them before you plan your display. It is your responsibility to take down the window display before Wednesday after Biblesta unless you have worked out other arrangements. You are responsible for cleaning the window area when you take your display down. If additional information is needed, you may contact LaDonna Krone at 620-473-3785.

Please return your Window Registration to the address below:

**Biblesta
P.O. Box 222
